Subject:- Information sought under RTI - 2005.

Madam,

Refer to your RTI application dated 28.05.2013 and IPO No. 10F 605368 dated 28.05.2013 received in this division on 10.06.2013. The point wise information available with the CPIO is as under:-

Sl. No.	Points	Information
1	Copy of all orders, notifications and government resolutions issued by the Government of India and received in file by the Registrar General India's office with regards to the decision of migration and collation of data collected under NPR to UIDAI (your reply to be specific to my query no.1)	Copy of DO letter NO. 9/11/2012-CRD(NPR) dated February 3, 2012 is enclosed.
2	Authenticated copy of the section in the citizenship Act 1955 and Citizenship Rules 2003 that states that national Population Register is for all usual residents in the country (your reply to my query no 3)	Bare Act with short notes of the Citizenship Act, 1955 (57 of 1955) Universal's New Delhi - India publication is available in the market. Or else cost of photocopying the same @ 2/- per page for approx 90 pages may be sent to this office under prescribed procedures under RTI.
3	Authenticated copy of the MoU executed between RGI and (i) Bharat Electronic Ltd and (ii) ITI Ltd (your reply to my query no c)	Information cannot be disclosed as it comes under Section 8(1) (d) of RTI Act - 2005.
4	Authenticated copy of section 14 A and 18 of the citizenship Act 1955	Information already provided in point 2 above.
5	Authenticated copy of the gazette of India notification and / order that empowers/ provides the Government to create guidelines/ make and lay down rules for the process of collecting biometrics, de-duplication of data by UIDAI, publication & invitation of claims and objections (your reply to my	Information already provided in point 2 above.

6	query no.4) Authenticated copy of the public notice released for publication and invitation of clams and objections (your reply to my query no.4)	Information not available with CPIO.
7	Authenticated copy of the proposal on file and under consideration for issuance of resident identity cards (RIC) to all usual residents of age 18 years and above under the scheme of NPR (your reply to my query no.5)	Information cannot be disclosed as it comes under Section 8(1) (i) of RTI Act – 2005.
8	Repeat of my query no 7 “state the detailed process by which NPR differentiates between citizens and non-citizens at the time of registration and generation of number” as your reply is not satisfactory	As stated earlier “NPR is a register of usual residents which would contain citizens as well as non-citizens”. The NPR would cover all usual residents of the country. A ‘Usual Resident’ for the purpose of NPR, is a person who has lived continuously at the place of enumeration for most of the last 12 months (i.e., for at least six months and one day), not including temporary absences for holidays or work assignments, or intends to live for at least six months.  Information available with the CPIO has been made available to the applicant.
9	Repeat of my query no 15 “copy of the complete file containing the correspondence between the central government office that issued the notification when UIDAI was created in 2009 to do the same work that NPR was doing since 1986” as your reply is not satisfactory since your office should have the same file that UIDAI does if it concerns NPR	As stated earlier your point was transferred vide letter of even number dated 17.05.2013 to UIDAI for further necessary action. (Copy of the letter is enclosed)
10	All file noting that appointed RGI as registrars for UIDAI as you should be kept informed of the event	The information is in public domain which readily available at UIDAI web site. However, a print from the same [i.e., MoU between UIDAI and RGI] is enclosed.
11	Copy of all file noting of the resolution during the cabinet committee meeting held on 27.01.2012 to resolve the difference between UIDAI & NPR related work	Transferred to Planning Commission.
12	List the level & designations of officers who will have access to NPR database	The creation of NPR is in progress. The NPR database would be ready only after completion of the NPR process.  The required Information is not available with the CPIO.

*If you are not satisfied with the information provided on your RTI you may file an appeal with the first appellate authority:-*

Government of India

D.O. No. 9/11/2012-CRD (NPR)

February 3, 2012

Dear Madam/Sir,

The Government has examined the issues pertaining to the National Population Register (NPR) and the Unique Identification Authority of India (UIDAI) with regard to the collection of biometric data in these exercises and decisions have been taken to harmonize the procedures.

2. The creation of NPR is a statutory requirement and therefore, complete coverage under the NPR is essential.

3. The UIDAI will limit itself to collecting biometric data in the State/UTs listed in Annexure-I and to a total of 60 crore. Even in these States, the NPR exercise will be carried out because the UIDAI methodology does not provide for the coverage of the entire population. It does not provide for the collection of data required in many fields of NPR. Moreover, it also does not provide for a verification process in the presence of the Government servant to provide a degree of assurance regarding the veracity of the data pertaining to the identity of the person, an essential prerequisite for NPR. The NPR exercise will therefore carry on in full steam so as to ensure cent percent coverage by March 2013.

4. In the course of the NPR exercise, if the individual states that she/he already has an Aadhaar number then his/her identity and residence details will be verified and entered in the NPR but her/his biometric data will not be taken - instead, it will be sourced from the UIDAI on the basis of Aadhaar number/Enrolment number. Similarly, if in the course of UIDAI exercise a person states that she/he has been covered by the NPR then she/he will not be covered by the UIDAI again.

5. In the light of the above, the procedure for NPR has been revised. The revised procedure is as follows:-

- (i) The photograph, ten finger prints and 2 iris prints of all persons of the age of five years and above, whose details have been collected

Signature box with handwritten signature

Handwritten initials

Handwritten signature in a circle

12

under the NPR, will be captured by organizing camps in the local areas in two rounds in the presence of the Government officials (enumerators). In case, an individual fails to appear at the time of the first camp, she/he would be given a notice to appear in the second camp. Individuals, who miss both the camps, would be required to come to a designated centre for the capture of photograph, iris and finger prints.

- (ii) In case an individual has not been covered in the house-to-house enumeration or has been covered in another area, then the requisite details of the individuals will be collected in the camps in the NPR schedule. These details will be scrutinized by the Local Registrar and on her/his satisfaction as to the genuineness of the details, the biometrics would be collected either at the same camp or in the next camp.
- (iii) Where the individual states that he has enrolled for Aadhar, the said Aadhar number will be recorded in the NPR and the biometric data will be sourced from the UIDAI. Similarly, if an individual has already been covered by the NPR, she/he will not be covered by the UIDAI.
- (iv) Immediately after the camp, the biometric data of all the residents will be uploaded to the UIDAI for de-duplication and generation of Aadhaar numbers.
- (v) In case of any discrepancy in five (5) demographic data fields in NPR and UIDAI, the NPR data will prevail.
- (vi) The Local Registrar of Usual Residents (LRUR) will be printed along with the Aadhaar numbers and will be published thereafter.
- (vii) Objections, if any, will be enquired into by the village / ward authority (Local Registrar) in the first instance. Any appeal against the decision of the Local Registrar would lie with the Sub-District Registrar (Tehsildar) and the District Registrar. Along with the publication of LRUR, a copy will also be made available to the Gram Panchayat/Ward Committee for vetting.
- (viii) After disposal of the appeals by the Competent Authority, corrections if any would be made and the NPR database finalized.

13

6. The National Population Register is a flagship national programme that has far reaching implications for national security as well as developmental initiatives. It is requested that the Officers/ Officials of the State/UT may be instructed to kindly extend their utmost cooperation to implement the scheme in a time bound manner.

With regards,

Yours sincerely,

(C. Chandramouli)

Subject:- Information sought under RTI - 2005.

Madam,

Refer to your RTI application dated 06.04.2013 addressed to CPIO(Cen), ORGI, and IPO No. 10F605049 dated 23.04.2013 received in this division on 17.04.2013 and 01.05.2013, respectively. The point wise information available with the CPIO is as under:-

Sl. No.	Points	Information
1	Copy of all Orders, Notification & Government Resolutions received by the Registrar General, India to collate to UIDAI all data that has been collected under NPR	The question is not specific. The assessment of volume of the requisite information would be undertaken after receipt of the details from your side.
2	State details of the process of de-duplication that has been put in place by NPR in relation to UIDAI	The NPR data is being sent to UIDAI for de-duplication and generation of Aadhaar number. Since the processes are being done by UIDAI, it is therefore transferred to UIDAI.
3	List of partners, departments in Maharashtra who will assist Registrar General, India to collect data & register citizens under NRIC	The Government has decided to create a National Population Register (NPR) of all usual residents in the country. The NPR is being created under the provisions of Citizenship Act 1955 and Citizenship Rules 2003. As per the Section 5 of Citizenship Rules 2003, every official of Central Government, State Government, local bodies or their undertaking shall assist ROCR.  For the state of Maharashtra, the work of data digitization and capture of biometrics for creation of NPR has been assigned to Bharat Electronics

		<p>Ltd. and ITI Ltd.</p> <p>The NPR would be taken up in the state Maharashtra after substantial enrolments have been done by UIDAI.</p>
4	<p>State the section in the amendment in 2004 or thereafter to the Citizenship Act 1955 and/ or Citizenship Rules 2003 which allows collection of 10 fingerprints and 2 IRIS of citizens as well as the legal provisions connected to this</p>	<p>The Citizenship Act, 1955 empowers the Government to prescribe the procedures to be followed in compulsory registration of the citizens of India. As per this provision, the Government has decided to create the National Population Register – a Register of usual Residents as the first step towards the creation of the National Register of Indian Citizens. Section 18 of the said Act empowers Central Government to make Rules to carry out the purposes of the Act and to issue guidelines to the State Governments. Under this provision, the Government has issued Guidelines to the States laying down the process to be followed for creating the NPR. The process includes collection of data by house-to-house enumeration, collection of biometrics (10 fingerprint, 2 Iris prints and photograph); de-duplication of the data by UIDAI; publication and invitation of claims and objections; settlement of claims and objections; vetting by Gram Sabha/ Ward Committees; vetting by local officials and police and then finalising the NPR database.</p>
5	<p>Will NPR issue identity cards or number to those who are registered?</p>	<p>A proposal for issuance of Resident Identity Cards (RIC) to all usual residents of age 18 years and above under the scheme of National Population Register (NPR) in the country is under consideration of the Government.</p>
6	<p>In case it is a card, will it bear a number? If yes, whose generated number will it be – NPR or UIDAI?</p>	<p>The proposed RIC would bear the Aadhaar number.</p>
7	<p>State the detailed process by which NPR differentiates between citizens and non-citizens at the time of registration and generation of number</p>	<p>NPR is a register of usual residents which would contain citizens as well as non-citizens.</p>
8	<p>Copy of the order, notification under which Office of Registrar General &amp; Census Commissioner, India (ORG&amp;CC,I) has been empowered to appoint Department of Information (DIT) along copy of it's appointment, scope and activity</p>	<p>Copy enclosed.</p>
9	<p>Copy of the order, notification appointing DOEACC Society, BEL, ITIL, ECIL, CSC e-Governance Services India Ltd., and other Managed Service Provider to take</p>	<p>Copies enclosed.</p>

	part in the creation of NPR	
10	Copy of the Standard Operating Procedures of their role, scope in the end-to-end process	Transferred to CPSUs and DIT.
11	Copy of the Standard Operating Procedures, Mechanism & Systems that the Registrar General India would use to implement, execute, integrate, migrate and authenticate any individual's standard data from stand alone database of various agencies to UIDAI network	The creation of NPR does not envisage authentication services of individual's data with the UIDAI network.
12	List the level & designations of officers who will have access to NPR database	The creation of NPR is in progress. The NPR database would be ready only after completion of the NPR process.
13	Total team strength at NPR & NRUIC with their functions, list of the security levels they have passed through, what is the qualification & the selection criteria required and where is the office/s located	The creation of NPR is being supervised by the Office of the RGI and its Directorates of Census Operations in States/ UTs. The details of officers/ officials and the offices are available at the website of the office viz., <a href="http://www.censusindia.gov.in">www.censusindia.gov.in</a> .
14	Copy of the National Law on Privacy & Protection to that ensures to safeguard, protect the confidential personal data of individuals collected by NPR against potential violations of privacy, leakage, tampering, siphoning, misuse and mishandling	Information not available.
15	Copy of the complete file containing the correspondence between the central government office that issued the notification when UIDAI was created in 2009 to do the same work that NPR was doing since 1986	Transferred to UIDAI.

Yours faithfully

**MEMORANDUM OF UNDERSTANDING  
BETWEEN THE UNIQUE IDENTIFICATION AUTHORITY OF INDIA  
AND  
THE REGISTRAR GENERAL OF INDIA  
FOR THE IMPLEMENTATION OF THE UID PROJECT**

This Memorandum of Understanding (MoU) has been executed on the 16<sup>th</sup> March, 2011 between the Unique Identification Authority of India (hereinafter referred to as "UIDAI") and the Registrar General of India (hereinafter referred to as "The RGI").

**Preamble**

Whereas, the Government of India has set up Unique Identification Authority of India (UIDAI) with the mandate to issue Unique Identification Numbers (called "Aadhaar numbers") to all residents of India (UID project).

Whereas, the RGI is creating the National Population Register (hereinafter referred to as "The NPR") under the Citizenship (Registration of Citizens and Issue of National Identity Cards) Rules, 2003 read with the Citizenship Act, 1955.

Whereas, in order to achieve convergence in the implementation of the UID project and the NPR exercise, the RGI is entering into this MoU with the UIDAI.

Whereas, this MoU shall come into effect from the date of execution of this MoU.

**Definitions**

Unless the Context requires otherwise;

**Registrar** means any entity authorised or recognised by the UIDAI for the purpose of enrolling individuals for UID numbers. Registrars include Departments or Agencies of the Central Government/ State Government/Union Territory, who, in normal course of implementation of some of their programs, activities or operations interact with residents and are authorized by the Central Governments/State Governments/Union Territories to enrol residents into the UID System.

**Sub-Registrars** are agencies of the RGI for undertaking enrolment.

**Enrolling Agencies** are entities hired by the Registrars/Sub-Registrars to perform enrolment functions .

**UID Project and the scope of the MoU**

1. The UIDAI has the mandate from the Government of India to issue unique identification numbers (UID numbers) to residents of India based on demographic and biometric data of the individual. UIDAI will partner with Government and other agencies leveraging their existing infrastructure in order to implement the UID project. These Agencies will be called the Registrars of UIDAI.

2. Several Registrars are embarking on capturing the biometrics and are ready to enrol residents into the UID system for better targeting and improving their service delivery. UIDAI has created necessary infrastructure to issue UID numbers through Multiple Registrars.
3. UIDAI shall set standards and processes for enrolment to be uniformly followed by all Registrars and Enrolling Agencies. The UIDAI will issue UID numbers after checking that the resident applying for UID does not already have a record and number in the UID database. In addition, the UIDAI will provide online Authentication service.
4. This MoU between the UIDAI and the RGI, as a Registrar, sets out below, the general and broad-based intentions of both Parties for collaboration and as an umbrella understanding for facilitation of subsequent agreements and documents relevant for the implementation of the UID project.
5. The UIDAI shall prescribe standards, procedures and processes for enrolment and authentication of residents which will be adhered to by the RGI/Sub-Registrars of RGI and enrolling agencies appointed by the Sub-Registrars.
6. In the interest of clarity and to reduce ambiguity, the UIDAI may execute additional agreements and documents to capture details about implementation of UID Project with RGI as Registrar.
7. UIDAI shall-
  - a. Develop and prescribe standards for recording data fields, data verification and biometric fields.
  - b. Prescribe a process for enrolment of residents; this will include among other things the process for collection of biometric data.
  - c. Prescribe the standards and criteria to be fulfilled by an agency to be appointed as a Registrar.
  - d. Provide/prescribe the software that will be used for the enrolment of people into the UID database in order to issue the UID numbers.
  - e. De-duplicate the database of the residents on the basis of the Demographic and Biometric data and issue UID numbers to only those whose uniqueness of identity has been established and after ensuring that the person has not enrolled in the UID database before.
  - f. Issue a letter communicating the UID number directly to the person who has been allotted UID number after de-duplication. UIDAI will also communicate the UID number electronically with the RGI in UIDAI prescribed format.
  - g. Authenticate the identity of a person with a UID number as per the protocols prescribed by the UIDAI.

- h. Prescribe protocols for record keeping and maintenance of the information collected for the issuance of a UID number.
- i. Prescribe protocols for transmission of the data collected for de-duplication.
- j. Prescribe protocols to ensure the confidentiality, privacy and security of data.
- k. Prescribe limits for fees that could be charged for issuing a UID number.
- l. Prescribe protocols for spreading and communicating the message, content and intent of the UID project. Since the UID logo and brand name are properties of the UIDAI, the UIDAI will prescribe the manner and limits of the use of UIDAI logo, brand name, brand design and other communication and awareness materials.
- m. Prescribe other protocols, processes and standards that the UIDAI may deem necessary for the implementation of the UID project.
- n. Call for information and records, conduct inspections and enquiries and audit of the operations pertaining to the UID project.
- o. Conduct periodic audit of the enrolment process and to this end shall have the power to visit and inspect offices of the Sub-Registrar and Enrolling Agencies. Such audits are necessary to ensure the integrity of the enrolment process and to ensure uniformity across the country.
- p. Prescribe mechanisms for resolution of grievances that the residents may have during enrolment and authentication.

8. The RGI shall-

- a. Co-operate and collaborate with the UIDAI in conducting proof of concept (PoC) studies and pilots to test the working of the technology and process of enrolment into the UID database.
- b. Be the Registrar for the implementation of the UID project (including PoC and pilots) and shall do all that is necessary and required in order to effectively complete the PoCs and pilots.
- c. Put in place an institutional mechanism to effectively oversee and monitor the implementation of the UID project in general and monitor specifically enrolling agents.
- d. Cooperate and collaborate with and provide all assistance and support to the Deputy Director Generals (DDGs) concerned of the UIDAI and other staff members/consultants/advisors of the UIDAI to effectively implement the UID project.
- e. Provide logistic and liaison support to the staff and representatives of UIDAI when they visit the Enrolling agencies enrolling under the UID project on behalf of RGI.
- f. Work with the UIDAI to resolve difficulties faced on the ground in the implementation of the UID project.
- g. Follow the process set out by the UIDAI for resolution of difficulties and conflict regarding matters concerning the UID project.

9. The following is an indicative list of the obligations of the Registrar. Notwithstanding anything contained in this clause, this list can be expanded or elaborated as required to ensure integrity and uniformity of enrolment into the UID database. In order to implement the UID project, the RGI shall-
- a. Either do the enrolment directly or through Enrolment Agencies who shall be identified and appointed by RGI or his duly appointed agents (UIDAI may recommend certain criteria to be fulfilled to be an Enrolling Agency). The Enrolling Agencies will be working on behalf of RGI and their duly appointed agents and will be accountable to them. However, they should follow all the standards, protocols, processes laid down by the UIDAI to implement the UID project. RGI must ensure compliance by the Enrolling Agencies of the standards, protocols, processes laid down by the UIDAI on a continuous basis.
  - b. Follow the standards for data fields, data verification and biometric fields prescribed by the UIDAI.
  - c. Follow the process for enrolment of residents; this will include among other things the process for collection of biometric data prescribed by the UIDAI.
  - d. Use the software developed by the UIDAI for the enrolment of people into the UID database for the issuance of the UID number.
  - e. Use only those devices and IT systems whose specifications have been approved by the UIDAI.
  - f. Follow the protocols prescribed by the UIDAI for record keeping and maintenance.
  - g. Follow the process and systems prescribed by the UIDAI for transmission of the data collected for de-duplication.
  - h. Follow the confidentiality, privacy and security protocols prescribed by the UIDAI.
  - i. The Registrars can collect any data in addition to what is prescribed by the UIDAI for the purpose of rendering any service based on UID number.
  - j. Follow protocols prescribed by the UIDAI for spreading and communicating the message, content and intent of the UID project, Since the UID logo and brand name are properties of the UIDAI, the UIDAI will prescribe the manner and limits of the use of UIDAI logo, brand name, brand design and other communication and awareness materials.
  - k. Follow protocols, processes and standards prescribed by the UIDAI for the implementation of the UID project.
  - l. Allow the UIDAI to conduct periodic audit of the enrolment process and to visit and inspect the offices and records of the Sub-Registrar and Enrolment Agencies and any other place the UIDAI or its empowered agency may deem necessary for their purpose.
  - m. Submit information and records, allow inspections and inquiries and audit of the operations pertaining to the UID project.

- n. Submit periodic reports of enrolment to the UIDAI in the form and manner prescribed by the UIDAI.
- o. Provide logistic and liaison support to the staff and agents of UIDAI when they visit the offices of the RGI.
- p. Provide information related to the UID project to the UIDAI from time to time as requested by the UIDAI.
- q. Work with the UIDAI to resolve difficulties faced on the ground in the implementation of the UID project.
- r. Follow the process set out by the UIDAI for resolution of difficulties and conflict regarding matters concerning the UID project.

#### Miscellaneous

- 10. At the time of collecting data for the purpose of the UIDAI, RGI may collect data from the resident that is required for the purpose of creating NPR.
- 11. In situations where the processes and standards for enrolment set by the UIDAI are not followed or are violated (wilfully or otherwise) by the Sub-Registrar and/or an Enrolling agency, the UIDAI shall make reasonable attempts to discuss and attempt to resolve difficulties with RGI. Pursuant to which if the recommendations of the UIDAI are not implemented and the matter settled to the satisfaction of both the parties, the UIDAI shall have the option to de-register or demand replacement of the enrolling agency as the case maybe.
- 12. Any provision of this MoU may be amended or waived if, and only if, such amendment or waiver is evidenced by a written instrument signed by duly authorised representatives of the Parties, or, in the case of a waiver, by the Party against whom the waiver is to be effective.

IN WITNESS WHEREOF, the undersigned have executed this MoU, in duplicate, as of the date set forth above.

On behalf of UIDAI

On behalf of RGI
